In addition, before the local government tax control board may recommend the relief allowed under this subdivision, the civil

taxing unit must show a need for the increased levy because of special circumstances, and the local government tax control board must consider other sources of revenue and other means of relief.
(5) Permission to the civil taxing unit to increase its levy in excess
of the limitations established under section 3 of this chapter, if the
local government tax control board finds that the civil taxing unit
needs the increase to pay the costs of furnishing fire protection for
the civil taxing unit through a volunteer fire department. For
purposes of determining a township's need for an increased levy,
the local government tax control board shall not consider the
amount of money borrowed under IC 36-6-6-14 during the
immediately preceding calendar year. However, any increase in
the amount of the civil taxing unit's levy recommended by the
local government tax control board under this subdivision for the
ensuing calendar year may not exceed the lesser of:
(A) ten thousand dollars (\$10,000); or
(B) twenty percent (20%) of:
(i) the amount authorized for operating expenses of a
volunteer fire department in the budget of the civil taxing
unit for the immediately preceding calendar year; plus

paying operating expenses of a volunteer fire department. (6) Permission to a civil taxing unit to increase its levy in excess of the limitations established under section 3 of this chapter in order to raise revenues for pension payments and contributions the civil taxing unit is required to make under IC 36-8. The maximum increase in a civil taxing unit's levy that may be recommended under this subdivision for an ensuing calendar year equals the amount, if any, by which the pension payments and contributions the civil taxing unit is required to make under IC 36-8 during the ensuing calendar year exceeds the product of one and one-tenth (1.1) multiplied by the pension payments and contributions made by the civil taxing unit under IC 36-8 during the calendar year that immediately precedes the ensuing calendar year. For purposes of this subdivision, "pension payments and contributions made by a civil taxing unit" does not include that part of the payments or contributions that are funded by

1	distributions made to a civil taxing unit by the state.
2	(7) Permission to increase its levy in excess of the limitations
3	established under section 3 of this chapter if the local government
4	tax control board finds that:
5	(A) the township's poor relief ad valorem property tax rate is
6	less than one and sixty-seven hundredths cents (\$0.0167) per
7	one hundred dollars (\$100) of assessed valuation; and
8	(B) the township needs the increase to meet the costs of
9	providing poor relief under IC 12-20 and IC 12-30-4.
10	The maximum increase that the board may recommend for a
11	township is the levy that would result from an increase in the
12	township's poor relief ad valorem property tax rate of one and
13	sixty-seven hundredths cents (\$0.0167) per one hundred dollars
14	(\$100) of assessed valuation minus the township's ad valorem
15	property tax rate per one hundred dollars (\$100) of assessed
16	valuation before the increase.
17	(8) Permission to a civil taxing unit to increase its levy in excess
18	of the limitations established under section 3 of this chapter if:
19	(A) the increase has been approved by the legislative body of
20	the municipality with the largest population where the civil
21	taxing unit provides public transportation services; and
22	(B) the local government tax control board finds that the civil
23	taxing unit needs the increase to provide adequate public
24	transportation services.
25	The local government tax control board shall consider tax rates
26	and levies in civil taxing units of comparable population, and the
27	effect (if any) of a loss of federal or other funds to the civil taxing
28	unit that might have been used for public transportation purposes.
29	However, the increase that the board may recommend under this
30	subdivision for a civil taxing unit may not exceed the revenue that
31	would be raised by the civil taxing unit based on a property tax
32	rate of one cent (\$0.01) per one hundred dollars (\$100) of
33	assessed valuation.
34	(9) Permission to a civil taxing unit to increase the unit's levy in
35	excess of the limitations established under section 3 of this
36	chapter if the local government tax control board finds that:
37	(A) the civil taxing unit is:
38	(i) a county having a population of more than one hundred

17	than seven thousand three hundred (7,300); and

22	IC 13-11-2-98) in solid waste disposal facilities or industrial			
23	sites in the civil taxing unit that have become a menace to the			
24	public health and welfare.			
25	The maximum increase that the local government tax control			
26	board may recommend for such a civil taxing unit is the levy that			
27	would result from a property tax rate of six and sixty-seven			
28	hundredths cents (\$0.0667) for each one hundred dollars (\$100)			
29	of assessed valuation. For purposes of computing the ad valorem			
30	property tax levy limit imposed on a civil taxing unit under			
31	section 3 of this chapter, the civil taxing unit's ad valorem			
32	property tax levy for a particular year does not include that part of			
33	the levy imposed under this subdivision. In addition, a property			
34	tax increase permitted under this subdivision may be imposed for			
35	only two (2) calendar years.			
36	(10) Permission for a county having a population of more than			
37	seventy-eight thousand (78,000) but less than eighty-five			
38	thousand (85,000) eighty thousand (80,000) but less than ninety			
39	thousand (90,000) to increase the county's levy in excess of the

government tax control board finds that the county needs the

increase to meet the county's share of the costs of operating a jail

or juvenile detention center, including expansion of the facility		
if the jail or juvenile detention center is opened after December		
31, 1991. Before recommending an increase, the local		
government tax control board shall consider all other revenues		
available to the county that could be applied for that purpose. Ar		
appeal for operating funds for a jail or juvenile detention center		
shall be considered individually, if a jail and juvenile detention		
center are both opened in one (1) county. The maximum		
aggregate levy increases that the local government tax control		
board may recommend for a county equals the county's share of		
the costs of operating the jail or juvenile detention center for the		
first full calendar year in which the jail or juvenile detention		
center is in operation.		

(11) Permission for a township to increase its levy in excess of the limitations established under section 3 of this chapter, if the local government tax control board finds that the township needs the increase so that the property tax rate to pay the costs of furnishing fire protection for a township, or a portion of a township, enables the township to pay a fair and reasonable amount under a contract with the municipality that is furnishing the fire protection. However, for the first time an appeal is granted the resulting rate increase may not exceed fifty percent (50%) of the difference between the rate imposed for fire protection within the municipality that is providing the fire protection to the township and the township's rate. A township is required to appeal a second time for an increase under this subdivision if the township wants to further increase its rate. However, a township's rate may be increased to equal but may not exceed the rate that is used by the municipality. More than one (1) township served by the same municipality may use this appeal.

(12) Permission for a township to increase its levy in excess of the limitations established under section 3 of this chapter, if the local government tax control board finds that the township has been required, for the three (3) consecutive years preceding the year for which the appeal under this subdivision is to become effective, to borrow funds under IC 36-6-6-14 to furnish fire protection for the township or a part of the township. However, the maximum increase in a township's levy that may be allowed under this subdivision is the least of the amounts borrowed under IC 36-6-6-14 during the preceding three (3) calendar years. A township may elect to phase in an approved increase in its levy under this subdivision over a period not to exceed three

1	(3) years. A particular township may appeal to increase its levy	
2	under this section not more frequently than every fourth calendar	
3	year.	
4	(13) Permission to a city having a population of more than	
5	twenty-three thousand five hundred (23,500) but less than	
6	twenty-four thousand (24,000) twenty-nine thousand (29,000)

10	(A) an appeal was granted to the city under subdivision (1) in	
11	1998, 1999, and 2000; and	
12	(B) the increase has been approved by the legislative body of	
13	the city, and the legislative body of the city has by resolution
